1. SideOf materials

The SideOf name, Ribbon S, wordmarks, software, visual design, text, databases, compilations, and other operator materials are owned by or licensed to LIBRASIDE TECHNOLOGIES LLC. Use is limited to the license in the Terms. No trademark or brand license is granted.

2. Member content

Members keep ownership of their content and grant the limited operational license stated in the Terms. A member must have the right to upload and share content and must respect copyright, privacy, and publicity rights.

3. Copyright notice requirements

A written notice should include: the physical or electronic signature of an authorized person; identification of the copyrighted work or a representative list; identification and location of the allegedly infringing material; contact information; a good-faith statement that the use is not authorized by the owner, agent, or law; and a statement under penalty of perjury that the information is accurate and the sender is authorized to act.

4. SideOf response

When SideOf receives a notice that substantially meets Section 3, it acts expeditiously to remove or disable access to the material identified. It then promptly takes reasonable steps to notify the member who posted it and gives that member a copy of the notice, so the member can decide whether to send a counter-notice. SideOf may ask the sender to clarify an incomplete notice and may preserve relevant records. Removal is not a finding about ownership or liability.

5. Counter-notices

If you believe material was removed by mistake or misidentification, you may send a counter-notice to the designated agent. It must include your physical or electronic signature; identification of the material removed and where it appeared before removal; a statement under penalty of perjury that you have a good-faith belief the material was removed as a result of mistake or misidentification; and your name, address, and telephone number, with a statement that you consent to the jurisdiction of the federal district court for the judicial district where your address is located and that you will accept service of process from the person who sent the original notice or that person's agent. SideOf will send a copy of the counter-notice to the person who sent the original notice, stating that SideOf will restore the material in 10 business days. SideOf will restore the material no sooner than 10 and no later than 14 business days after receiving the counter-notice, unless the designated agent first receives notice that the complaining party has filed a court action to restrain the member from the infringing activity.

6. Repeat infringement

SideOf terminates, in appropriate circumstances, the accounts of members who repeatedly infringe copyrights. In deciding what is appropriate, SideOf considers the number of valid notices it has received about an account and their timing, any counter-notices, and whether a notice appears mistaken or abusive. SideOf may reject a notice sent in bad faith, and a person who knowingly misrepresents that material is infringing, or was removed by mistake, may be liable for damages under 17 U.S.C. § 512(f).

7. Designated agent and other rights

SideOf's designated agent to receive notices of claimed infringement under 17 U.S.C. § 512(c) is: SideOf Support, LibraSide Technologies LLC, 2200 15th Street NE, B, Washington, DC 20018; telephone 202-907-3650; email admin@sideof.app. The designation covers LibraSide Technologies LLC and its alternate names SideOf, app.sideof.app, and sideof.app. It is registered with the U.S. Copyright Office's DMCA Designated Agent Directory (registration number DMCA-1081150), effective September 25, 2026. SideOf also accepts copyright notices at support@sideof.app with 'Copyright Notice' in the subject line. Trademark, privacy, publicity, and nonconsensual-intimate-image complaints should use the Contact or Safety process, not a copyright notice.
